VILLAGE OF RANTOUL

CDBG ANNUAL ACTION PLAN 2022

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This is the Village of Rantoul's 2022 Annual Action Plan (AAP) which is put together to develop a plan for addressing the specific community development needs of the community, while also outlining specific community development activities that will be carried out. This process is intended to assist in developing a viable community by providing decent housing, a suitable living environment, and expanded economic opportunities principally for the benefit of low and moderate income persons. This plan represents the 3rd year of the 2020-2024 Consolidated Plan. This plan sets forth how Community Development Block Grant funds will be used to invest in the community to achieve the specific U.S. Department of Housing & Urban Development (HUD) objectives and outcome performance measures.

The Village of Rantoul is located in the north-central portion of Champaign County, Illinois and is the third largest municipality in the county with a population of 12,371 according to the 2020 Census. It is a small city that has both an urban and rural feel and with a range of issues confronting it as diverse as its residents. The diverse population needs help to attain personal, educational, employment, recreational, housing, and other goals. The village is struggling to balance the limitations of available resources and the need to address some critical issues including: aging infrastructure and community facilities, underemployment, deteriorating housing, removal of substandard structures, and providing needed social services.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The 2022-2023 program year will be the forty eighth year the Village of Rantoul has participated in the CDBG program. It is the 3rd year of this current 5-year Consolidated Plan. Previous activities implemented generally met the goals established in the previous Consolidated Plan and Annual Action Plans. Overall, the activities have been very successful and in some cases, have exceeded expectations.

In this Annual Action Plan the Village of Rantoul is choosing to pursue many of the same previously adopted goals and projects due to the successes of these programs. At the same time, the Village continues to evaluate how best to serve the changing needs of the community and new goals and projects are also being proposed.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Village of Rantoul's citizen participation process for development of this Plan followed the Village's adopted Citizen Participation Plan and included outreach hearings for the public and meetings designed to encourage input from a broad array of the community. Phone and email contacts were used to gain input from entities with specific expertise, including those specializing in housing, social services, infrastructure and economic development. These efforts met and also exceeded the stated requirements of the Citizen Participation Plan and provided meaningful input in establishing goals and strategies for this Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Comments were solicited through newspaper publication, public hearing, and online notifications. Any comments received are summarized in the Citizen Participation section and also attached in the appendices.

7. Summary

The Village of Rantoul's 2022 Annual Action Plan has been prepared in order to assist in providing decent housing, a suitable living environment, and expanded economic opportunities principally for the benefit of low and moderate income persons in the community. Information gathered from the public, and data provided by HUD were used to identify needs, goals and activities of this Annual Action Plan.

The preparation of the Annual Action Plan began with internal discussions at meetings of the Village of Rantoul's Staff. The Community Development Department sought first to identify potential community needs, gaps in services, and key issues on which to focus the community outreach process. The Village of Rantoul encouraged community participation in the development of this Plan. With focused starting points of issues and needs, a community outreach program was implemented, following the Village's adopted Citizen Participation Plan. The Community Development Department was responsible for coordinating the citizen participation process. Community Development staff created the draft Annual Action Plan used for discussion purposes.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The Village of Rantoul has adopted a Citizen Participation Plan that identifies when consultations and hearings are to take place. The adopted Citizen Participation Plan was used in preparing this Annual Action Plan. The primary goal of the Citizens Participation Plan is to provide all citizens of the community with adequate opportunity to participate in an advisory role in the planning, implementation, and assessment of the Consolidated and Annual Action Plans.

Obtaining the input of citizens, professionals, and other governmental entities is of the utmost importance during the development of the Consolidated and Annual Action Plans. Effectively planning for a community would be difficult, if not impossible, without the support of its residents, especially low-income citizens directly affected by community development projects and programs. It is for these reasons that citizen participation is strongly encouraged throughout the processes of consolidated and annual action planning, short and long range departmental planning, and plan implementation.

The Rantoul Community Development Department's efforts for participation included personal talks with agencies throughout the previous year; newspaper advertisements regarding public meetings; informational meeting packets and announcements placed on the village website; discussing the Plan process at public meetings; and placing draft copies of the AAP on the village website and placing a "hard copy" in the Rantoul Library. Copies of the Rantoul Press advertisements and other public participation materials are attached in the Appendix.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

To assist Community Development staff in the development of this plan, outside departments and organizations have been contacted for consultation. These include but are not limited to: non-profits, business organizations, public institutions, and other village departments.

In the case of developing homeless strategies to address the needs of homeless persons; particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth; and persons at risk of homelessness, Community Development Department staff have consulted with:

- the Urbana-Champaign Continuum of Care;
- public and private agencies that address housing, health, social services, victim services, employment and/or education needs of low-income individuals and families; and

- publicly funded institutions and systems of care that may discharge persons into homelessness (such as health-care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions), and business and civic leaders.

In the case of public facilities and infrastructure, Community Development Department staff have consulted with other village departments, particularly the Public Works Department, since they have a greater level of engineering expertise and construction management knowledge. For housing strategies, staff consulted with the Housing Authority of Champaign County. For economic development strategies, the Village of Rantoul partners with several economic and workforce development agencies, Parkland Community College, local businesses along with the Rantoul Chamber of Commerce and the Champaign County Chamber of Commerce, and Champaign County Economic Development Corporation.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As an affiliate member of the Urbana-Champaign Continuum of Care, the Village of Rantoul attends meetings to assess the ongoing needs of the region's homeless population and to respond with new or expanded services and programs as resources are available. The Continuum has a "Plan to End Homelessness" which outlines the goals, strategies and benchmarks to be accomplished to address the needs of persons experiencing homelessness. The Village of Rantoul attempts to incorporate these goals into its programs whenever possible. The Village is committed to increased coordination and cooperation with the Continuum of Care in order to better integrate programs and services with the plans of the Continuum.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Urbana-Champaign Continuum of Care receives Emergency Solutions Grant (ESG) funds from the State of Illinois. That funding supports the Housing Prevention and Rapid Rehousing (HPRP) functions of the Continuum's programs. The Executive Committee of the Continuum of Care is working to establish a centralized or coordinated assessment system that will meet HUD requirements and also encourage intake through shelters that can triage for client needs.

The Executive Committee makes ESG funding recommendations to the full Continuum of Care to consider. During the last rounds of funding, the following recommendations were approved. Administrative funds were given to the Champaign County Regional Planning Commission (CCRPC) to be used in support of Homeless Management Information System (HMIS) functions since CCRPC is the HMIS administrator for the Continuum of Care. Shelter partners utilize a centralized intake

process that includes prioritizations. Shelter partners refer persons to CCRPC for the rent assistance program funding. A referral from the shelter partner is required for CCRPC to process the funding request.

The Continuum allows agencies to present new projects to the Continuum of Care for consideration. The procedures for the administration and operation of HMIS have been established through a Memorandum of Understanding with participating agencies. The Executive Committee has also developed performance standards and outcomes for the activities assisted with ESG funds.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Village of Rantoul anticipates receiving only Community Development Block Grant funds from HUD during this Annual Action Plan Program Year. Other resources the Village has at its disposal includes local funding from Tax Increment Financing (TIF) Districts and program income from a Revolving Loan Fund that can assist with new economic development opportunities.

Anticipated Resources

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The CDBG program does not require a match for those federal entitlement funds. The CDBG funds identified above will leverage the additional, local, state and private resources. These include local Tax Increment Financing (TIF) District revenue; US EDA Revolving Loan Fund for small businesses; local Stormwater drainage funds; and Chanute EDC Funds established and allocated to redevelop the former Air Force Base that was previously located in Rantoul. Overall, all sources and types of leveraged funds are more limited now due to the current federal and state economic climate. As in the past, the Village of Rantoul will be as creative as possible in finding other sources of funding from state, federal, private developer, tax-credits, loans, and local funds in order to develop and deliver efficient and cost effective projects. All agencies applying for CDBG public service funding are required to identify their efforts in obtaining other public and/or private resources that address needs identified in the Consolidated Plan.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Village of Rantoul owns various vacant lots throughout the community that could be used to facilitate the development of new infill housing or economic development projects.

Previously, the Village has purchased and demolished three dilapidated single-family homes located at 1600 Eater Drive, 1311 Fairlawn Drive, and 1608 Lowry Drive, using CDBG funds. All three are eligible for single-family housing development. Habitat for Humanity of Champaign County has previously expressed interest about the Village donating these parcels or others for new housing construction and an activity to collaborate with Habitat is proposed in this plan.

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Owner-Occupied Housing Rehabilitation
	Goal Description	<p>This goal is designed to facilitate the rehabilitation of owner occupied single family homes. The Village of Rantoul offers a "Full-Home Rehabilitation Program", which repairs all of the code violations on the home. This program uses up to \$20,000 per home and the funds are secured by a 3-year forgivable mortgage on the property. The "Emergency Rehabilitation Program" provides a grant up to \$7,000 to repair a single code violation that is considered enough of an emergency that the homeowner might not be able to stay in the home. Both programs are available village-wide and open to any owner-occupant who earns no more than 80% of the median family income of Champaign County. These funds allow for 5 projects.</p>

2	Goal Name	Infrastructure Improvements
	Goal Description	This goal is to facilitate the upgrading of existing public improvements and infrastructure. The Village of Rantoul intends to allocate a portion of their CDBG funds, along with other state/federal grant funds and local funds to make various infrastructure improvements.
4	Goal Name	Building Demolition
	Goal Description	This goal is intended to facilitate the demolition and clearance of deteriorated structures on a spot basis. The Village of Rantoul annually uses several funding sources, including CDBG funds to demolish dilapidated structures throughout Rantoul.
10	Goal Name	Planning / General Administration
	Goal Description	This goal is intended to make sure that all grants and their associated activities are properly planned and administered. This goal will be carried out village-wide.
11	Goal Name	Senior Services
	Goal Description	This goal is intended to address the public service needs of the community, particularly as it relates to seniors. Census data shows that the population in the United States is living longer. Seniors need various types of services in order to live in their homes for a longer period of time.
12	Goal Name	Youth Services
	Goal Description	This goal is intended to address the public service needs of the community, particularly as it relates to youth. Two main problems exist for youth. Standardized testing scores for youth are below the statewide average in all categories. Additionally, youth tend to roam the streets and get into trouble.
13	Goal Name	Health Services
	Goal Description	This goal is intended to address the public service needs of the community, particularly in relation to meeting the community's health needs. Rantoul's unemployment rate is greater than the state average. With so many people without job benefits, particularly health and dental insurance, the cost of medical care generally makes it prohibitive for lower-income families to seek medical care.

14	Goal Name	Substance Abuse Services

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Village of Rantoul has established an Area Benefit Area, which is comprised of the area of the community where the census tracts are comprised of predominantly low-moderate income households.

The Housing Rehab Area is comprised of the same areas as the Area Benefit Area, and is the portion of the community where housing programs are to be focused.

Geographic Distribution

Target Area	Percentage of Funds
Housing Rehab Areas	37
Area Benefit Areas	24
Village Wide Availability	39

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The basis for giving priority to the allocation of investments geographically to these CDBG Target Areas is to ensure that the scarce resources that are available are used in the areas where there is the most need and where they can have a measurable impact on the overall area.

AP-60 Public Housing – 91.220(h)

Introduction

There are no projects from grant funds covered in this plan assigned to be used solely to meet the needs of public housing residents. The Village of Rantoul works regularly with the Champaign County Housing Authority on plans for improving the quality of affordable housing in the community.

Actions planned during the next year to address the needs to public housing

HACC has a waiting list for both available vouchers and public housing units.

The Village of Rantoul will continue to work with the HACC to acquire additional property for the development of affordable rental units.

The Village of Rantoul will continue to notify the HACC that a construction project funded by the U.S. Department of Housing and Urban Development and that job training and employment opportunities may exist under the “Section 3 program requirements.”

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The HACC has a 5-member Resident Advisory Board that represents all of the residents of public housing units, along with the entire voucher program. Their main job is to provide the HACC, public housing residents, and voucher holders a forum for discussing the HACC’s annual plans.

Each public housing site also conducts a monthly tenant meeting to discuss HACC policies and various need/actions that are specific to the site.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

This section includes an overview of the programs that will be funded in Champaign County to address the needs of the homeless and those with special needs. The activities address the emergency shelter and transitional housing needs of homeless individuals and families, along with homeless prevention activities especially for low income individuals and families with children who have incomes below 30 percent of the area median income. Activities are also funded to address the special needs of those who are not homeless (i.e., elderly, frail elderly, persons with disabilities, persons with HIV/AIDS, and/or persons with alcohol or other substance abuse problems).

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Village of Rantoul, in partnership with homeless service providers, supports outreach program with specific goals to engage chronically homeless persons, unaccompanied youth, and families. Each individual or family is assessed to determine their vulnerability and the community's ability to respond.

The following are actions that members of the Urbana-Champaign Continuum of Care intend to accomplish in order to reach out to homeless persons and assess their needs:

- Salvation Army in cooperation with local churches will operate the "Canteen Run" twice weekly to assist the unsheltered homeless;
- The "C-U at Home" organization will continue to keep the issue of homelessness in the media during their fundraising efforts;
- HMIS users will work to improve information sharing to improve coordination of prevention and rapid re-housing services;
- Each member agency of the Continuum of Care will train their staff to assess the needs of homeless individuals;
- Help homeless persons make the transition to permanent housing and independent living;
- Reduce recidivism among those exiting the homeless system; and
- Help low-income individuals and families who are being discharged from publicly funded institutions and systems of care, or receiving assistance from public and private agencies avoid becoming homeless.

Addressing the emergency shelter and transitional housing needs of homeless persons

Rantoul Community Development staff meets annually with the Urbana-Champaign Continuum of Care

and homeless service providers to assess the demands for service and whether the current housing resources are meeting them. For example, planning for extreme weather, especially in winter, has required the community to negotiate with shelters and the faith community to explore expansion of emergency shelter capacity.

Continued success in moving from emergency and transitional housing to permanent housing is the responsibility of all of the members of the Continuum of Care and can be achieved by increasing access to permanent housing options and equipping participants with the economic resources and tools necessary for long-term housing stability. While in programs, participants receive structured services to mitigate barriers to housing such as education/training, substance abuse counseling, health care, and mental health services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Rantoul Community Development staff meets with the Urbana-Champaign Continuum of Care and homeless service providers to assess the demands for service and whether the current housing resources are meeting them.

The HEARTH regulations encourage providing homeless persons with housing quickly, and only availing supportive services that are of greatest need to support stable housing; other needs the individual or family may have should be addressed through existing mainstream resources available in the community. This reflects a new emphasis on both the expansion of the homelessness prevention and the addition of new rapid re-housing components: housing relocation and stabilization service and short- and medium-term rental assistance, and permanent housing and achieve stability in that housing. Below are the Urbana-Champaign Continuum of Care’s strategic planning objectives to achieve this goal:

- Create new permanent housing beds for chronically homeless persons
- Increase the percentage of participants remaining in Continuum of Care funded permanent housing projects for at least 6 months to 80% or more
- Increase the percentage of participants in Continuum of Care funded transitional housing that move into permanent housing to 65% or more
- Increase the percentage of participants in all Continuum of Care funded projects that are employed at program exit to 20% or more
- Increase the percentage of participants in all Continuum of Care funded projects that obtained

- mainstream benefits at program exit to 20% or more
- Decrease the number of homeless individuals and families
- Intent of the Continuum of Care to reallocate supportive services only and transitional housing projects to create new permanent housing projects

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Rantoul Community Development staff meet with the Urbana-Champaign Continuum of Care and homeless service providers to assess the demands for service and whether the current housing resources are meeting them.

The IL Dept. of Children and Family Services provides housing to youth who are wards until age 21, through traditional foster care, Independent Living Programs, Transitional Living Programs and other residential programs. Wards in the Youth in College program continue to receive help with housing payments while they are enrolled in a college or employment training program until age 23. Youth choosing to exit foster prior to turning 21 (and those adopted after age 16) can be assisted by DCFS' Youth Housing Assistance Program (YHAP) shortly before and after they exit care. YHAP provides housing advocacy and cash assistance to young people ages 18 to 21, including assistance with security deposit and move-in expenses, crisis assistance for rent/utility arrears and rental subsidy up to \$250 per month. Youth aging out of care but later deciding to return prior to age 21 can receive services from the Independent and Transition Living Programs.

Emergency room and post-operative clients are seen by the hospital social worker for assistance with short-term housing issues related to their health status. Discharged individuals from local hospitals are released back to their place of last residence, or directed to nursing homes or other medical facilities for continued health care needs. Victims of domestic violence may be discharged to the local domestic violence shelter. There are no state-operated health care facilities for which to develop a statewide discharge policy. Intake workers at shelters also help hospital discharge planners locate as safe a location as possible. Occasionally, hospitals pay for a short-term housing option from charitable funds.

Since health care patients routinely are discharged to the location of their residence prior to admission, persons who are homeless prior to a health care crisis are at risk of remaining homeless upon discharge. Shelters do become an option for these few patients.

Patients discharged from a mental health facility or state-operated psychiatric facility in need of transitional housing utilize the services of Community Elements' group home and respite center,

Rosecrance's residential beds or one of the faith-based half-way houses in Champaign County. If a domestic violence victim, the person may use A Woman's Place emergency bed. These facilities offer case management, treatment services and other services to assist with reintegration into the community, including appropriateness for Shelter Plus Care.

It is the policy of the IL Dept of Corrections that every person on parole status be released to an address of a host that has agreed to accept them (family, friend, shelter, etc.) and agree to allow IDOC to enter the site to monitor the parolee. The Dept. has no legal jurisdiction for those released with no parole. The IDOC liaison is an active member of the CoC and works with local resources to locate jobs, apartments, etc. for parolees during a transition period prior to release. Mental Health Court assures probationers with mental health issues comply with treatment and remain housed, and Treatment Alternatives for Safer Communities has a similar mission for persons with substance abuse issues.

There is no specific plan for ex-felons released without parole, although IDOC does try to work with them during a transition period prior to release to help located community services and employment opportunities. Not having gainful employment is the main reason these individuals become/remain homeless.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

High tax rates, land use controls and building codes can all have a negative effect on affordable housing and residential investment. The Village of Rantoul has no taxing policies in place that could be seen as specifically negatively impacting the development of affordable housing or residential investment. Housing related taxes are based solely on the assessed value of a property. Land use controls include zoning, subdivision and building codes. The Village's development codes do include some elements that could end up enhancing development costs in the older established neighborhoods of the City. The housing and other development that does take place in these older established neighborhoods is frequently obtaining incentives and subsidies to facilitate the development. Building code requirements and fees are the same for all types of residential developments and present no barriers to affordable housing or residential development. Land costs in the Village are also very reasonable.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The impediments have been addressed through the following actions and will continue to be addressed during this annual action plan period:

- The Village is partnering with the Housing Authority of Champaign County (HACC) in purchasing vacant land in Rantoul to construct additional affordable housing units;
- Village of Rantoul offers owner-occupied home rehabilitation services to lower-income households in order to maintain the existing housing stock;
- Village of Rantoul has ceded its annual bond cap allocation to create first-time homeowners programs;
- Community Development staff review local lender's CRA reports;
- Community Development and HACC staff exchange consolidated plans and annual plans for review and comment;
- HACC publishes their policies and reports on their website for public review;
- A rural mass transit system is operating in Champaign County to ensure low-moderate income residents are connected to jobs, healthcare, and services;
- Community Development staff have attended local housing fairs and job/employment fairs to promote the department's programs;
- Community Development staff continually review the *Housing Rehabilitation Manual*; *Citizen Participation Plan*; and the *Anti-Displacement, Replacement Housing, and Relocation Assistance*

Plan;

- Community Development staff recently updated the *Impediments to Fair Housing* report to ensure housing equality is in place and issues are being worked on.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The section addresses the Village of Rantoul's planned actions to foster and maintain quality affordable housing, continue the mitigation of lead based paint hazards in homes occupied by low-mod income individuals, reduce the number of households in poverty through various services and programs, promote the coordination of services among the various providers, and seek and support the pursuit of additional funding to address underserved needs.

Actions planned to address obstacles to meeting underserved needs

There are two primary obstacles to meeting the underserved needs of Rantoul's citizens: inadequate funding and lack of organizational capacity. Organizations and government programs that provide services in Rantoul, as across the nation, are finding it increasingly difficult to maintain their current funding levels or to obtain new resources of revenue. Losses of revenue have led to program elimination or reduction of services provided or the number of clients that can be served. Most social service agencies in Champaign County are located 15 miles away, within the Cities of Urbana and Champaign; and are unable to directly provide services in the Village of Rantoul. Clients often must go to Urbana and Champaign to receive such services. Budget cuts and economic difficulties that have troubled the state and nation in recent years have also had a negative impact on the capacity of the service providers. Relevant capacity issues include staffing levels, ability to provide adequate training opportunities to staff and volunteers, and the ability to purchase necessary supplies and equipment. It appears likely that inadequate funding and lack of organizational capacity will continue to be obstacles during the five years covered by this consolidated plan.

Some of the actions proposed to address the underserved needs of the community:

- Village of Rantoul receives a direct entitlement of CDBG funds from HUD which is being used to address housing and social service needs of lower income individuals.
- HACC oversees the Housing Voucher Program and public housing units.
- Village of Rantoul will regularly evaluate the barriers to affordable housing.
- Village of Rantoul Recreation Department supports the Peacemeal Program, operates a summer lunch program.
- Rantoul City Schools and Rantoul Township High School offer free/reduced cost lunches to lower-income students.
- Community Service Center of Northern Champaign County along with the Rantoul Ministerial Alliance operates the "Transient Homeless Program."

Actions planned to foster and maintain affordable housing

Housing is one of the high priorities for the Village of Rantoul. Over 90% of the housing stock is over 30

years old. Routine maintenance such as replacing roofs and upgrading plumbing and electrical systems are often out of reach for low-income homeowners, along with some landlords. Homeownership is considered a safe and easy way to build personal wealth. In today's housing market, there is not much difference between the cost of a mortgage payment and a monthly rent payment. Many households find it difficult to save for a down payment. In the upcoming five-year period, the Village expects to fund its owner-occupied rehabilitation program to meet the needs of lower-income homeowners.

Actions planned to reduce lead-based paint hazards

All applicants to the Owner-Occupied Housing Rehabilitation Program are provided a copy of the pamphlet entitled "*The Lead-Safe Certified Guide to Renovate Right.*" Every housing unit considered for full-home rehabilitation is tested for lead-based paint using an x-ray fluorescent (XRF) machine by a building inspector. If lead-based paint is detected, it is removed by a state licensed lead-based paint abatement contractor. When lead abatement work has been completed, the Village of Rantoul Inspection Department collects dust wipe samples which are sent to an independent laboratory for testing and final clearance. The Community Development Department temporarily relocates families during extensive lead-paint abatement. If the lead-paint work is minimal, the work area can be completely sealed until final clearance is obtained and relocation is not required.

Actions planned to reduce the number of poverty-level families

1. The Village will work to retain existing businesses and encourage the establishment of new businesses using their various economic development tools such as loan programs, enterprise zone and tax increment financing incentives, along with working with other economic development partners such as the Champaign County Economic Development Corporation and the Rantoul Chamber of Commerce.
2. The Village will continue to support mentoring programs for lower-income and at-risk youth.
3. Using CDBG funds, will provide a housing rehabilitation program to assist low- and moderate income households repair their homes.
4. Rantoul City Schools and Rantoul Township High School will provide free/low-cost meals for students meeting certain income guidelines.
5. Rantoul Community Foundation and the Village of Rantoul Recreation Department will assist lower-income youth in participating in various sports and recreational activities.
6. Community Service Center of Northern Champaign County is the local "First-Call for Help" Agency and can provide referrals to various social service agencies to meet the needs of the client. It also operates a food pantry.
7. Village of Rantoul will set-aside up to 15% of its annual CDBG funding to assist public service agencies to operate programs in Rantoul and to assist Rantoul residents.

Actions planned to develop institutional structure

The local institutional structure is in relatively good shape. The CDBG Program in Rantoul is operated by the Village's Community Development Department. The Department is staffed by the Director, who reports to the Village Administrator and the Mayor. The Department is also responsible for the administration of the grant program, providing technical assistance to subrecipients, monitoring projects for compliance with all applicable regulations, and communicating with the public. The Village Board has final approval of the federal block grant budget allocation, Consolidated Plan, Annual Action Plans and Consolidated Annual Performance and Evaluation Report (CAPER). Outside of the Village staff, the primary gap in the existing institutional structure is a need to further enhance coordination among the various service agencies. The Village will be working to take the lead in promoting additional coordination with these entities. Coordination and collaboration efforts will be spearheaded by additional involvement with the Local Continuum of Care, and consultations with existing service agencies not already engaged in this process or with the Continuum.

Actions planned to enhance coordination between public and private housing and social service agencies

Public and private housing and social service agencies and organizations throughout Champaign County have achieved a higher level of collaboration in administering programs benefitting low and moderate-income people and families; and have included the three entitlement communities of Champaign, Urbana and Rantoul in their planning and operating activities. Although time constraints don't allow Community Development staff to attend regularly, Agencies/Organizations/Planning groups that benefit low and moderate income individuals and households include: Urbana-Champaign Continuum of Care, Champaign County Community Services Board, Champaign County Regional Planning Commission Technical Committee, and Community Reinvestment Group. Although the Housing Authority of Champaign County (HACC) and the Village of Rantoul have not had much interaction over the years, the Community Development staff and HACC staffs enjoy a good relationship.

The 2022 Annual Action Plan serves as the Village's application for 2022 CDBG funds of which the Village is expected to receive \$335,317 in 2022-2023.
